EDUCATION

- Bennett University (Ongoing)** Greater Noida, India
B.Tech. Computer Science 2022-2026

SKILLS

- Languages & Databases:** Python, JavaScript, Java, HTML, CSS, MongoDB, PostgreSQL, MySQL, C++, Golang
- Frameworks:** React Native, Django, Flask, FastAPI, React, Next.js, Tailwind CSS
- Other Tools:** Linux, Fedora, Bash, Git, Docker, GitHub

EXPERIENCE

- Hyathi Technologies**
Full Stack & Web3 Developer Intern December 2024 - Present
 - Multiple Client Projects:** Contributed to diverse projects including a custom AI call agent achieving sub-800ms latency and a fintech application tailored for the Canadian market. Optimized data preprocessing pipelines for an AI model, enhancing efficiency.
 - BOSS AI:** Currently working on BOSS AI, it's an AI speech assistant for desktop. I worked in a major way on the Windows version using tauri.
- ClearMind AI**
Full Stack Developer Intern June - August 2023
 - Engineered and Scaled ClearMind Journaling Web Application:** Lead the end-to-end development of the ClearMind Journaling Web App using NextJS and Tailwind CSS. Seamlessly integrated OpenAI and Microsoft Azure APIs, contributing to user growth from launch to over 45,000 registered users.

PROJECTS

- Sharepal** [🔗](#):
A mobile-first platform for group expense management with seamless tracking, settlements, and notifications between groups. Built with a modern stack and optimized for performance and collaboration.
Tech Stack: React Native, Golang, MongoDB.
[Backend Repo](#) [🔗](#)
[Mobile App Repo](#) [🔗](#)
- Re-Dcrypt** [🔗](#):
A full stack web platform for organizing cryptic hunts.
It had a large number of amazing features like complete integration and sync with my custom discord bot. And also had features to catch cheaters by using honeypot, logging etc. Tech Stack: Python, Django, HTML, CSS, Tailwind, JavaScript.
- DevCompete** [🔗](#):
DevCompete is a platform for hosting 1v1 Coding contests. It allowed a player to see realtime progress of his opponent but without actually seeing his code. The code/test cases ran on a cloud vm inside a docker container in an isolated environment. It also has a AI powered practice mode.
Tech Stack: Azure, Python, Django, JavaScript, HTML, CSS, Tailwind, MySQL, Redis, WebSockets
- DStreamer** [🔗](#):
Real-Time Video Streaming Web App enabling live video streaming and viewing from other users. Utilizes WebSockets and MediaStream API for seamless video and audio transmission between clients and the server.
Tech Stack: Python, Django, Django Channels, Javascript, HTML, Tailwind

ACHIEVEMENTS AND CERTIFICATIONS

- AWS Certified Cloud Practitioner** [🔗](#): Foundational, high-level understanding of AWS Cloud, services, and terminology
- Microsoft Azure Fundamentals AZ-900** [🔗](#): Foundational knowledge of cloud concepts, core Azure services, plus Azure management and governance features and tools.
- Google IT Automation with Python Certification** [🔗](#): 6 courses: Crash Course on Python, Using Python to Interact with the Operating System, Introduction to Git and GitHub, Troubleshooting and Debugging Techniques, Configuration Management and the Cloud, Automating Real-World Tasks with Python
- Onchain Summer Buildathon:** Winner at Onchain Summer amongst 1200+ project submissions
- Hedera Hello Future Hackathon:** 3rd place in the AI track
- Hedera Hello Future Hackathon 2:** 3rd place in 'Decentralized Identity and Verifiable Credentials track
- EthIndia:** Won Coinbase Dev Track

COMMUNITY WORK AND VOLUNTEERING

- Microsoft Learn Student Ambassador**
Beta MLSA August - Present
 - HYPE - Portfolio building workshop:** Hosted a portfolio building workshop for students that had over 900+ registrations but only 200 students could participate due to venue restrictions
- FOSS United College Chapter, Bennett University**
Lead Greater Noida, India
September 2024 - September 2025
 - Linux Fest:** Organised an amazing event for Linux Enthusiasts
 - BU Hacktoberfest:** Organised a month long college specific event to promote more and more open source contributions
- Dev.to Tag Moderator**
Tag moderator for Python, WebDev and Django
